**Subject:** Shut down 2009

Bill,

I wanted to send an e-mail thanking the Meade electric team for the commitment, dedication and great planning that made the 2009 shutdown successful.

You, John Harvat, and of course Bill Thoman stayed to the end to make sure we had every issue taken care of, when you guys could of left much earlier. I appreciate this commitment and value the fact that I can work with such an outstanding team.

I did not have Jay's e-mail but please forward this to him.....

Thank you again,

Fred Lowy
