All,

1. Though I wasn't there this past weekend in person to join in all the fun, we here at ECI want to thank you for all your hard work in both preparing for and pulling off the "SHUTDOWN" when just a week and a half ago there was talk of cancelling it. I hope Burke and Olson didn't get in your way very often.
2. Meade's commitment to BP really shows and it is a real pleasure working with all of you. Let's keep it up going into next year.
3. Enough of the sugar coating, I do have a request. Last week we spoke of listing all cost saving ideas/concepts that have come from our many meetings with the entire team. I promised this to Doug X the beginning of December, so help me out. We can also sit down and do this together on Thursday if that works better for you guys.

Thanks again for all your help and please pass this on to all your men & women who gave up their Thanksgiving weekend.
